

Clorox Commercial Solutions®

Clorox® Clean-Up® Disinfectant Cleaner†

Powerful Cleaning and Disinfecting

At Clorox, we understand your world

It's full of people counting on you to make their lives better. Lives and livelihoods depend on the decisions you make about disinfection.

Powerful tools

Clorox® Clean-Up® Disinfectant Cleaner is part of the Clorox Commercial Solutions® brand that thousands of health care professionals across the globe trust for high-quality, hospital-grade disinfectants that kill a broad spectrum of microorganisms when used as directed.

Cleans, disinfects, removes stains

Available in spray and dilutable forms, Clorox® Clean-Up® Disinfectant Cleaner* is specially formulated for tough dirt, grime and soap scum. Use with confidence to clean and disinfect floors, cabinets, toilets, lockers, doors, benches, trash areas, walls and windowsills.†

- 1.84% sodium hypochlorite (18,400 ppm)
- Eliminates tough stains and grease
- Kills mold and mildew
- Corrosion inhibitor helps protect steel surfaces

PRODUCT INFORMATION

Case UPC 35420 4/128 oz. dilutable
Case UPC 35417 9/32 oz. spray

Powerful cleaning and disinfecting together

Clorox® Clean-Up® Disinfectant Cleaner combines cleaning, disinfecting and stain removal in one product. Our product is available in a ready-to-use spray or dilutable bottle. The spray form assures proper dilution strength, product effectiveness and standardized technique. Both spray and dilutable forms meet OSHA bloodborne pathogen standards.

Removes tough stains and grease

Clorox® Clean-Up® Disinfectant Cleaner is specially formulated to clean dirty floors and greasy countertops. This product easily removes tough bathroom and workplace dirt, grime and soap scum.

Registered by the EPA and in all 50 states

Clorox® Clean-Up® Disinfectant Cleaner complies with EPA standards for product efficacy, usage safety, shelf life, label strength, processing and raw materials. Add confidence to your disinfecting regimen by ensuring your cleaning and disinfecting products adhere to these rigorous standards.

Contains the power of Clorox® Bleach†

Clorox® Clean-Up® Disinfectant Cleaner contains 1.84% sodium hypochlorite, which exceeds the Centers for Disease Control and Prevention (CDC) recommended 5,000 ppm sodium hypochlorite required to kill many of the pathogens of most concern to hospitals.

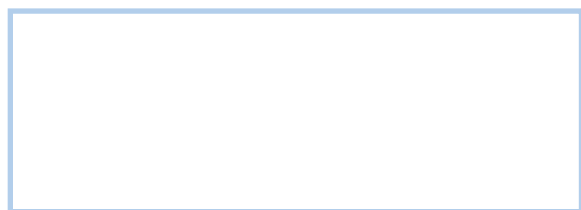

Includes odor-masking agent

Clorox® Clean-Up® Disinfectant Cleaner is specially formulated to provide fast, powerful cleaning and disinfecting while creating only a slight bleach scent to accommodate the most sensitive environments and users.

Includes corrosion inhibitor, safe to use on most nonporous surfaces

Clorox® Clean-Up® Disinfectant Cleaner contains an anticorrosion agent and, when used as directed, this product is safe to use on a variety of hard, nonporous surfaces, including stainless steel. Use this product to clean and disinfect floors, cabinets, toilets, lockers, trash areas, benches, doors, walls and windowsills.

29 Kill Claims

Visit www.cloroxprofessional.com or contact your Clorox representative to learn more about how Clorox Commercial Solutions® products can help reduce the spread of infection in your facility.

*Kills Avian Influenza A virus on pre-cleaned environmental surfaces.
