The Facility+ Disinfection Kit

Get everything you need to clean and disinfect your facility in one simple kit. Just one squeeze bottle of Facility+ makes 64 quarts of product!

Protect Your Facility

Facility+ is a powerful, one-step hydrogen peroxide-based disinfectant and cleaner that can be used on many surfaces within your facility. Facility+ is on EPA's N List for emerging viral pathogens and has demonstrated effectiveness against viruses similar to SARS-CoV-2 (formerly 2019-nCoV) on hard, non-porous surfaces. Therefore, this product can be used against SARS-CoV-2 when used in accordance with the directions for use against Norovirus on hard, non-porous surfaces.

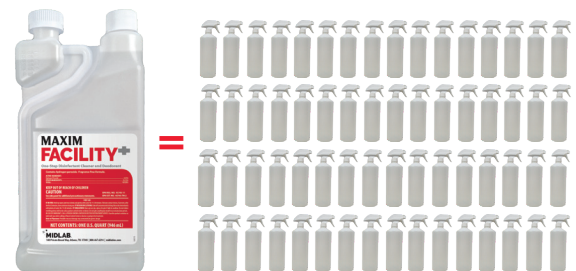

Save Time and Money

Facility+ is cheaper than other leading brands, allowing you to keep your facility clean and disinfected without breaking your budget.
