Quick and Efficient Cleaning for Large Outdoor Concrete Surfaces

Introducing the revolutionary PressureMower™! Say goodbye to tedious surface cleaning job with this game-changing tool that cleans up to five times faster than a pressure washer alone. By combining the power of a pressure washer with a surface cleaning tool, the PressureMower™ can quickly and efficiently clean large surface areas. Its innovative design makes it easy to maneuver and operate while delivering optimal cleaning results. The onboard 25' hose reel is perfect for tackling hard-to-reach places on curbs, seating areas, and other surfaces. Try it out today and experience the ultimate in surface cleaning technology!

Quick Overview

- ✓ 30" Wide Cleaning Path
- ✓ 14 HP Vanguard Engine, Recoil Start
